Latest innovative pool cover technology: **UltraDome+™**

When it comes to pool cover aesthetics Daisy has it covered. Again, Australia's favourite pool cover has made the next biggest advancement since their award-winning UltraDome™ with the latest industry leading innovative technology, UltraDome+.

What makes UltraDome+ different?

MODERN AND SOPHISTICATED DESIGN TO COMPLEMENT LATEST POOL LANDSCAPES

UltraDome+ not only utilises the UltraDome bubble technology, it has been designed and tested to let the maximum amount of the sun's energy through and less out.

Why is transparency so important?

SWIM FOR EVEN LONGER AND MORE OFTEN

The sun's energy needs to be able to pass easily through the transparent material to enter the water. The less energy being used to pass through, the more energy there is available to warm the water. The UltraDome+ clear top and translucent bottom is a winning layer combination as both layers allow maximum sun energy to pass through without interruption.

All our products are specially designed, tested and manufactured in Australia. We rarely receive any claims or complaints however if we do, our genuine service is what sets us apart in the industry.

We stand by our quality product

YOUR DAISY POOL COVER COMES FULLY WARRANTED.

Just in case anything goes wrong we're here to help you. All Daisy products come with a pro-rata warranty which covers the purchaser for defective material or workmanship on a pro-rata basis as set out below. The manufacturer will repair or replace the product upon inspection or photo image. Daisy reserves the right to refuse repeat claims of the same damage.

CONDITIONS: The warranty may be void if:

1. The purchaser fails to comply with the manufacturer's installation instructions.
2. Exposes the cover rolled or folded to the sun.
3. Subjects the cover to conditions, which result in tears, cuts or damage.
4. Stores the cover at a temperature above 45 degrees Celsius.
5. Stores the cover in other than complete shade.
6. Allows the chlorine levels to be maintained at a higher than normal level.

This is a pro-rata month by month warranty. This means that Daisy pays for the amount of time that you do not achieve from your pool cover, up to the maximum warranty period. It also means that you must pay for the period of time during which you have used the product.

NOTE: This warranty is not redeemable for cash, only as a discount on a replacement cover purchase.
