### **Dear Daisy Customers,**

We hope you enjoy the 2021/22 Expert Year Book.

The Year Book provides you with a comprehensive overview of Daisy's range of pool covers and rollers. You'll also find current pricing structures around our full catalogue of products (as at the date of the publication).

**Need to make an order?** Too easy! Just head to page 30 where you will see our step-by-step process for ordering any one of our Daisy products.

### **So why is dealing with Daisy good for your business?**

Daisy Pool Covers has been Australia's favourite pool cover and roller brand for over 36 years with the largest range of designs in the country. Our commitment to excellence and innovation provides pool owners with world-class products backed by outstanding levels of service. We know that's the confidence every customer wants!

Years of dedicated Daisy research and development has produced a range of pool covers and rollers that protect swimming pools all year round. Made from the highest quality materials, Daisy is both environmentally-responsible and cost effective, thanks to the saving of water, chemicals, time and, of course, heat retention.

To get all the information you need on Daisy's Australian-made range of pool covers and rollers, take a look at our 2021/22 Expert Year Book today.

On behalf of the Daisy team, I wish you all the best for the year ahead!

Yours Sincerely,

Derek Prince

# ***COVER RANGE***

# SOLAR POOL COVER RANGE

## IDEAL FOR: Outdoor pools

Heat your water with the sun | Insulate and save heat loss | Stop evaporation

The most popular and easy to use is the Solar Pool Cover. These are bubble-style covers that let the sun heat your pool water by up to 8°C and retain heat by insulating your pool overnight.

The natural heating and insulating saves you energy while also stopping evaporation.

These covers are perfect to use on all pools, especially when the sun hits the cover, helping you gain maximum benefits.

Pool size price grid see page 20/21.

## REDUCE THE COST OF MAINTAINING A WARM SUSTAINABLE POOL.

## THE DAISY DIFFERENCE

The bubble is the same thickness throughout for greater strength and longer life

## BENEFITS OF A DAISY SOLAR POOL COVER

- SAVE** on water, up to 10,000L per month. Improves water retention.
- SAVE** on chemicals. Reduce salt and chemical use by up to 50%.
- SAVE** money. Higher quality. Better design. Lasts longer.
- STOP** evaporation. Reduces evaporation by 99%.
- SAVE** on cleaning. Helps keep out dirt and leaves.
- SAVE** on time. Rolls off and on in 30 seconds.
- SAVE** on heat loss. Reduced heating costs and heat loss.
- Warms your pool by up to 8°C for free.
- Australian Made.**

# THERMOTECH FOAM INSULATION COVER

## IDEAL FOR: Pools that don't see the sun

High insulating cover | Great for indoor pools | Save on heating costs | 8 Year pro rata warranty | 4.5mm

The ThermoTech™ range is a high insulating cover ideal for both indoor and outdoor pools that primarily want to retain heat and reduce the energy costs of heating a pool with an external heat source, i.e. a heat pump, allowing you to save on energy costs and stop evaporation.

These covers are great in cooler climates where heat loading is greater, and are generally used indoor and overnight.

**Pool size price grid see page 22.**

## BENEFITS OF A THERMOTECH FOAM INSULATION COVER

**SAVE** on heat loss.  
Reduced heating costs and heat loss.

**SAVE** on water, up to 10,000L per month.  
Improves water retention.

**SAVE** on cleaning.  
Helps keep out dirt and leaves.

**SAVE** money.  
Higher quality. Better design. Lasts longer.

**SAVE** on chemicals.  
Reduce salt and chemical use by up to 50%.

**SAVE** on time.  
Rolls off and on in 30 seconds.

**STOP** evaporation.  
Reduces evaporation by 99%.

Australian Made.

# WINTERKLEEN LEAF COVER

## IDEAL FOR: Pools with high debris

Mesh cover saves cleaning time | Great for windy or leafy areas | 8 Year pro rata warranty

WinterKleen pool covers are the ideal choice for pools that experience excess garden and leaf debris. These pool covers are installed over your pool so that any debris that falls onto the cover collects, blows off or is easily swept away. Water passes through but debris and dust stay out. WinterKleen covers work well in conjunction with a Solar Pool Cover to use during the off-season. Reducing evaporation and saving cleaning time, these covers are ideal for pools that have a high debris load.

**Pool size price grid see page 23.**

## BENEFITS OF A WINTERKLEEN LEAF COVER

**SAVE** on cleaning.  
Keep out dirt and leaves.

**SAVE** on time.

**SAVE** on evaporation.  
Reduces evaporation by 80%.

Australian Made.

A roller range product, likely a pool cover roller, is shown outdoors. It features a long, flat wooden top supported by a black metal frame. A large, white, multi-spoke wheel is visible on the right side, mounted on a black frame. The roller is positioned on a light-colored paved surface, and a large roll of blue and white striped material is visible behind it. The background consists of a dense green hedge and a light-colored wall. The text "ROLLER RANGE" is overlaid in white, bold, italicized capital letters on the lower left side of the image.

# DAISY POWER

daisy power electric rollers  
retro kits available  
battery powered AC charge +  
solar models

## ELECTRIC ROLLERS

The standard Daisy Power roller comes as a 12V battery operated electric roller with AC charger, two remotes and control buttons on the cast aluminium housing mounted on the end frame.

This simple and easy to use electric option allows pool owners to roll up their cover in minutes with the press of a button – something our customers have been waiting for.

Daisy Power also has a disengage mechanism, which allows for freewheeling rollout and rollup of the cover, and is a feature unique to Daisy.

Daisy Power can be retrofitted onto most existing 100mm Daisy Rollers through a retro kit.

Warranty period on electrical components (remote/control housing/tube motor/AC charger) is 2 years (this warranty does not cover battery failure). All mechanical parts 10 year pro rata warranty.

# UBR: UNDER BENCH ROLLER

Front row seating that's stylish and energised!

A pool roller with a difference! The Under Bench Roller (UBR) combines practicality with style by giving you extra poolside seating while keeping the pool roller from view.

All models can be fitted with a solar powered battery option.

- Full aluminium frame and seating with stainless steel hardware
- Seating planks: 2 x 250mm wide planks
- Seating end caps: powder coated cast aluminium
- Power option 12V with solar panel, AC charger, two remotes, tube disengage and mounted control button
- Fully welded and powder coated round aluminium 40mm tubing frame

- Hilti stainless steel anchors
- Small sizes (up to 2.8m pool width) have 1 x C frame support in the middle; large sizes have 2 x C frame supports in the middle
- Pool cover attachment kit
- Able to hold 15m of pool cover material
- 10 year pro rata warranty\*
- Custom made to any pool size.
- Freight: Standard Charges Apply.

\*Scratches and chips not covered. Power model 2 year limited warranty.

# BGB: BELOW GROUND POOL COVER BOX

A very popular product, the Below Ground Pool Cover Boxes are suitable for backyards that have limited space. These are a full aluminium constructed box with anodized aluminum lids. Heavy duty braces are fitted to reinforce the structural integrity of the box. Our boxes will save you money not only in protecting your pool cover, giving it longevity but also by enhancing your pool area, adding value to your home.

- Quality boxes are fitted flush to the paving or concrete height - hidden to enhance the aesthetic look of your pool area
- Slimline lid opening
- Manual roller with sealed 3:1 gearbox and 1.4m handle included
- Single person operation
- Versatile: can be installed to suit most new and existing pools
- Installation only available in selected areas
- 5 year structural warranty for your peace of mind

# COMMERCIAL COVERS AND ROLLERS

Daisy is Australia's largest supplier of pool covers and rollers to the commercial industry. We have been in the pool cover industry for over 36 years.

Our commercial products have the strength and durability to withstand the harsh climate and conditions that an Australian public swimming pool is exposed to.

Our service, expertise and product design and quality produce cost reductions that are multiplied with commercial purchases.

If your operation is considering the cost saving benefits of a Daisy pool cover and roller system, **contact us by phone or email [commercial@daisypoolcovers.com.au](mailto:commercial@daisypoolcovers.com.au)**

**See the Commercial section on [daisypoolcovers.com.au](http://daisypoolcovers.com.au)**

## Be water wise

Save over 200,000 litres  
of water per month  
(50m pool)

## Be energy wise

Save 30-40%  
energy cost

## Be money wise

Daisy will pay for itself  
in 12 months

# DAISY COMMERCIAL COVERS

Our Commercial Pool Cover range includes our two market-leading products:

- 1. The **525 Solar Cover** using our patented UltraDome™ Technology delivering best-in-class thermal efficiency, unparalleled performance and longevity in the life of the pool cover; and
- 2. The **ThermoTech™ Thermal Foam Cover**, a 4.5mm thick, cross linked PE closed cell Polyethylene foam pool cover.

Daisy pool covers and roller systems save on a large scale:

- 1. Saves pool warmth and reduces heating costs by 30-40%
- 2. Saves on cleaning costs
- 3. Saves on the cost of chemicals and retains chlorine
- 4. Reduces evaporation by 99.98%  
In practical terms this means you stop water loss when the pool cover is on the water.

*Mean Daily Evaporation Rate (in mm) for the October to March 6 month daily average from The Bureau of Meteorology*

Sydney	Melbourne	Brisbane	Adelaide	Perth
6.4mm	6.4mm	6.9mm	7.4mm	8.3mm

*Example: 50m x 20m outdoor pool in Brisbane loses 207,000 litres of water in a 30 day period in summer due to evaporation*

- 5. Reduces building maintenance, corrosion and condensation in indoor heated pools
- 6. Extends the swimming season
- 7. A Daisy will pay for itself in 12 months

Insulating cover that does not heat the water. Ideal to assist keeping leaves and dirt out, stop evaporation and condensation without increasing water temperature.

4.5mm cross linked PE closed cell Polyethylene Foam. 3 layers, flame bonded both sides to UV stabilized, water proof, non toxic and chemical resistant blue woven PE.

All thermal foam covers are tape welded both sides. Step areas can be added by welding small rectangles on sides of the cover.

## Fitting Set

Deck Fitting Option

In Ground Option

Storage bag included

Daisy Float WT206 \$13.20 each

Float cord 25m (6mmPP to tie floats in place)  
#415 - \$11.50

Handrail cut outs - extra \$75.00\*

Sufficient fitting sets are supplied with every cover to be installed approx 800mm apart.

All covers are custom made so unfortunately we are unable to take any cover back for credit.

Minimum cover price - \$300

For step areas simply add step size to cover size.

Fitting Set #138 - \$9.65

Standard ground insert only. Codes: 276 - Black, 420 - Cream, 419 - Terracotta

Deck fittings instead of normal in ground fitting + \$2.85 per fitting.

Codes: 435 - Black, 436 - Cream, 437 - Terracotta

Not suitable for empty pools.

For special shaped pools that can not be covered with rectangles, please see how to measure page 25 or our website.

## Recommended Retail install pricing guide.

Cover Size	
up to 20m <sup>2</sup> :	\$235.00*
21m <sup>2</sup> to 25m <sup>2</sup> :	\$288.00*
26m <sup>2</sup> to 35m <sup>2</sup> :	\$340.00*
36m <sup>2</sup> to 50m <sup>2</sup> :	\$409.00*
51m <sup>2</sup> to 60m <sup>2</sup> :	\$440.00*
61m <sup>2</sup> to 70m <sup>2</sup> :	\$515.00*
71m <sup>2</sup> +:	\$577.00*

Pool areas may have uneven surrounds or have hollows under the pavers or tiles. Installers cannot be liable for chipped surfaces or cracked pavers

\*See Page 29

# WKAG WINTERKAP WinterKleen for above ground pools

Top quality protection for above ground pools. Same material as WinterKleen (p21). Shock cord supplied to easily help keep WinterKap in place on above ground pools. 8 year pro rata warranty.

Note: Price is approx WinterKap finished size - normal cover size required is pool size + 400mm each side

Street Address:

**1 Rectangle** ----- Indicates Rectangular Cover  
Measure finished cover size length and width.

**2 Shaped** ●●● Indicates Curvilinear Measuring:

**1** Chalk mark two points ● A and ● B at the longest point 200mm from the edge of the pool. ( Record total width and length)

**2** Chalk mark and number a series of ● points 200mm out from pool edge, ● 1, ● 2, ● 3 etc. starting **clockwise** from ● A all around to ● B about 900mm apart. Closer on tighter curves further apart for straighter edges.

**3** Measure the distances from ● A to marked ● all points and record the distance to every chalk marked. eg  
● A to ● 1 = 957mm or 95.7 cm

**4** Measure the distances from ● B to marked ● points and record the distance to every chalk marked. eg  
● B to ● 1 = 8500mm or 850cm

**5** Draw a sketch of the pool outline (like the one on left) indicating approximate location of points A and B and the points between.

**6** Fax or email to us your measurements in the table below.

The same method and measurements will be used to make the cover.

**NOTE:** This measuring procedure applies only to curvilinear pools. If you measure counter clockwise from 'A' the cover will be manufactured upside down.

Draw a sketch of the plan. Include a photo image if possible.

WinterKleen Colour: Black ☐ Blue ☐ Green ☐ Grey ☐ Tan ☐

# ROLLER DIMENSIONS

## Restocking Policy - Cover

If you require a return of a domestic cover or if a cover size that is ordered and supplied correctly turns out to be the incorrect size for the pool, a few scenarios are available.

**1**

**If the cover is too narrow** (on the width of the pool), then when the cover is delivered back to either of the Daisy's factories in WA or NSW, Daisy will be able to weld onto the width of the cover to make it wider. Daisy will only charge for the material used to weld onto the existing cover. Please note minimum fee of \$50.00 plus GST applies for repair work. NOTE – if the cover has been cut to shape it is likely that by welding on a section it will distort and shrink the edge of the cover rendering it too small. Daisy accepts no responsibility for attempted repairs after the cover has been cut in to pool shape. After approximately one month the cover can lose it's "weld ability" therefore we may attempt to assist, however take no responsibility of failed repair attempts.

**2**

**If the cover is too short** (on the length of the pool) we can not cross weld satisfactorily across the cover and a new cover will be required.

**3**

**If the cover is DRY**, meaning it has not been rolled onto the pool (NOT meaning a cover rolled onto the pool then removed and dried out), then when the cover is delivered back to either of the Daisy factories in WA or NSW, Daisy will credit the cover MINUS 20% of the non taxed original invoice amount.

**4**

**If the cover has been on a pool and is wet** and has not been cut to shape, and has been dried as much as possible, then when the cover is delivered back to either of the Daisy factories in WA or NSW, Daisy will credit the cover MINUS 40% of the non taxed original invoice amount.

**5**

**If the cover has been** on a pool and has been cut to shape, or over three months have passed from the original invoice date, Daisy is unable to accept the cover back for any form of credit.

**6**

**Any replacement cover** will be invoiced for dispatch and normal freight policy applies, credits will be issued upon receipt and inspection of the cover at the Daisy factories in WA or NSW. Any redelivery of covers repaired and/or altered will incur a freight charge.

## Restocking Policy - Precut Cover

As pre cut covers are custom made to order Daisy Pool Covers cannot accept returns for credit.

## Restocking Policy - Roller

If a domestic roller requires return for credit and it is a stock size, (not a specially manufactured size – specially manufactured rollers and rollers that have been purchased more than three months before the return date will not be accepted for a credit), still in its original unopened packaging, then when the roller is delivered back to either of the Daisy factories in WA or NSW undamaged, Daisy will credit the amount of the original invoice.

NOTE – All parts of the roller are required and must be unused, undamaged, unassembled and in the original packaging to be eligible for a credit. Credits will be issued upon receipt and inspection of the roller at the Daisy factories in WA or NSW.

### Cover Warranty

All Daisy Pool Covers are covered by our exclusive pro rata month by month warranty to the original consumer. This means that Daisy Pool Covers will credit for the months that the original consumer does not achieve from their cover (up to the warranty period).

i.e.

3 years (36 months) for 250B, 5 years (60 months) for 400B, 8 years (96 months) or 10 years (120 months) for 525. It also means that the consumer must pay for the period of time that they have used the product when ordering a replacement cover.

Example: A consumer achieves 3 years, 9 months (45 months) from a 400B cover. Take today's retail price (say \$436.00), divide the price by warranty period in months then multiply by the months the consumer used the cover (IE \$436.00 (retail Price) ÷ 60 months (Warranty period) = \$7.27 (per month price), then multiply \$7.27 (per month price) by 45 (months consumer used product) = \$327.15 charged to client.

### Warranty Claims

To make warranty claims contact Daisy with photos and proof of purchase.

All warranty claims where the original consumer has achieved over 66% (2/3rds) of the life of the cover (warranty period) the warranty claim can be handled by the reseller. Daisy Pool Covers will cover the warranty by reducing the purchase price to the reseller, (using the same formula as above) to ensure resellers receive normal margin while handling the warranty claim. Daisy Pool Covers will guide the warranty procedure and authorise warranty claims via phone after the reseller's inspection of the cover. If any reseller is uneasy handling a warranty claim, Daisy Pool Covers will take over and handle the claim direct with the consumer.

Any warranty claim where the consumer has not achieved 66% (2/3rds) of the life of the cover (warranty period) Daisy Pool Covers must handle direct with the client. In all cases it is the responsibility of the consumer to produce a proof of purchase showing date purchased and series of cover. Please Note – Warranty claims are only redeemable as a discount on the purchase of a replacement cover. No cash payments will be made.

### Freight Warranty

Our policy is to get the product to you in the most cost effective manner possible. We do not apply margin or profit to freight charges. We reserve the right to pass on any excess costs involved in getting the product to you. It is advisable to ensure that you understand the

total cost of the product and add the relevant tax and freight components prior to quoting a price to your client. Our staff are always willing to give you these total costs at any time on any job.

Metro Delivery Time for standard domestic covers and rollers is approximately 2-3 working days, country areas add 1-2 extra working days.

Unless otherwise stated, all prices are free into store in Perth, Sydney, Melbourne, Brisbane, Canberra & Adelaide Metropolitan areas

All other deliveries will incur a lower cost per item when you arrange multiple order deliveries to a single delivery point. Postcode range available.

	Non Metro*	
	Zone 1	Zone 2
Cover or Roller - 1 item	\$28.90	\$68.25
2 Items	\$42.50	\$103.20
3-6	\$54.30	\$128.10
7-9	\$66.70	\$157.50
10+ items	\$81.50	\$192.50

All freight prices quoted are Inc. GST.

### Parts Freight\*

Small item (FRSM)	\$16.00
Medium item (FRME)	\$20.00
Large item (FRLG)	\$28.90

### Long length surcharge

Long length surcharge of \$75.00 inc GST applies to all fixed length rollers supplied over 6.5m. Surcharge applied regardless of delivery location, surcharge is additional to any other delivery charges.

### Minimum Cover Size

Single order cover size for Solar Covers is 5.76m<sup>2</sup> (ie: 2.4 x 2.4m) and for Thermotech Foam 4.8m<sup>2</sup> (ie: 2.0 x 2.4m). Any single cover orders smaller than these sizes will be charged at these amounts.

### Minimum Order

Minimum order: A minimum invoice value of \$75.00 before tax is required to avoid a freight charge. Any total invoice amount under \$75.00 before GST will be subjected to an additional freight charge as follows:

Single Parts up to \$20.00\* Inc. GST  
Any other goods 1 item charge

### Net Pricing\*

Products such as freight, installation, precut or dig templates that are marked with \* indicate net pricing where no discount is applied.

### Level 2 Discount Structure\*

Some products from Daisy are priced at a non standard speciality discount structure. Where you see ^ by a recommended retail price, trade discount varies from normal discount structure. Contact Daisy for more information.

#### NOTES:

Unless specifically and clearly requested, all pool covers are made panel Width (panels wide for narrowest measurement) by Length (panels long for longest measurement).

If any specific manufacture requests are made a diagram is required.

Pool covers are made to fit measurements supplied NOT for specific orientations of panels.

## REDUCE THE COST OF MAINTAINING A WARM SUSTAINABLE POOL.

### Here's how you save:

**SAVE** more of the sun's warmth.

Warms your pool by up to 8°C for free.

**SAVE** on water, up to 10,000L per month.

Improves water retention.

**SAVE** on heat loss.

Reduced heating costs and heat loss.

**SAVE** on cleaning.

Helps keep out dirt and leaves.

**SAVE** on chemicals.

Reduce salt and chemical use by up to 50%.

**SAVE** on time.

Rolls off and on in 30 seconds.

**SAVE** on evaporation.

Reduces evaporation by 97%.

**SAVE** money

Higher quality. Better design. Lasts longer.

**Daisy Saves**  
warmth and  
evaporation

**Daisy Saves**  
on cleaning

**Daisy Saves**  
on chemical loss

Maximum solar warmth penetrates lighter cover material to warm the pool water - not the cover

WinterKleen covers are ideal when the pool is not in use for extended periods and save your UltraDome Daisy cover from unnecessary exposure. WinterKleen stretches tightly over your pool so that leaves and debris blow off.

# 1 CHOOSE YOUR COVER

## We stand by our product

We honour all warranty claims promptly. If you have a problem with any Daisy product call us and we'll fix it.

Thermotech  
4.5mm Foam  
Insulation Cover  
Blue, Green or Silver  
8 Year Pro Rata Warranty

# 2 CHOOSE YOUR ROLLER

Each roller is made for a small, medium or large pool. An overcover and cover attachment kit is supplied with every domestic roller.

**5 Star Roller Range 10 year pro rata warranty**

**A75** Stationary  
for smaller pools

**SQ** Squat profile

**ST** Stationary  
**MK II** Directional mobile

**LP** Fully mobile,  
low profile

**FM** Fully mobile

**316ST** Marine grade,  
SAE 316 Stainless Steel

**AGA** Above ground,  
adjustable

**125ST** Stationary for longer wider pools  
**125FM** Fully mobile for longer wider pools  
**MAXI** Semi Commercial Fully Mobile for larger pools

**DP** Daisy Power  
Electric roller,  
battery powered  
AC charge + solar  
models

**Buddy**

**UTC** Roller Range  
**5 year pro rata warranty**  
**BUDDY** Cost effective for small pools  
**UTC 75/100** Cost effective 75 or 100mm for small to large pools  
**UTCAG** Cost effective 50 or 75mm for above ground pools

**UBR** Under  
Bench Roller

**BGB** Below  
Ground Box

# 3 POOL SIZE

**Simply decide on the essential details:**

- (1) type of cover (2) roller system
  - (3) pool size: length (B) X width (A)
- (+ step area) = Total square metres.

**Ask for a quote let's say - 52m<sup>2</sup> 525B with an ST roller.** Take into account if your pool is indoors or outside. Do you need more heat or less or have leaf debris. Remember your roller adds years to the life of the cover. Does your pool have non-standard features? These are some determining facts you need to discuss with us.

Rectangular Pool

Rectangular Pool with Left Step

Rectangular Pool with Right Step

Rectangular Pool with Centre Step

**For shaped pools, treat as rectangular**

Oval Pool

Kidney Pool

Roman Pool

Spa within a Pool Area

Pool with Separate Spa

Treat as separate
