Slat Pool Covers by Daisy

Effortless Elegance. Engineered for Luxury.

WHY CHOOSE A SLAT COVER

Premium Performance Meets Poolside Luxury Daisy's hard slat pool covers deliver more than just protection. They're a design-led solution for homeowners seeking elegance, automation, and thermal efficiency.

Fully motorised and built with high-performance polycarbonate or PVC slats, these covers offer effortless functionality at the touch of a button.

Core Benefits:

- ✓ Fully automated – push-button operation
- ✓ Above ground or integrated (underwater) options
- ✓ Thermal insulation and energy savings of up to 80% energy cost
- ✓ UV-stable, durable, and low maintenance
- ✓ Keeps water clean and swim-ready year-round
- ✓ Stop evaporation
- ✓ Top quality polycarbonate or PVC slats

DESIGN INTEGRATION

Tailored for the Modern Australian Home. Whether your home is coastal, architectural or classically styled, Daisy's slat covers integrate seamlessly into your outdoor space. With sleek profiles and customisable colour options, every cover complements your landscape without compromise.

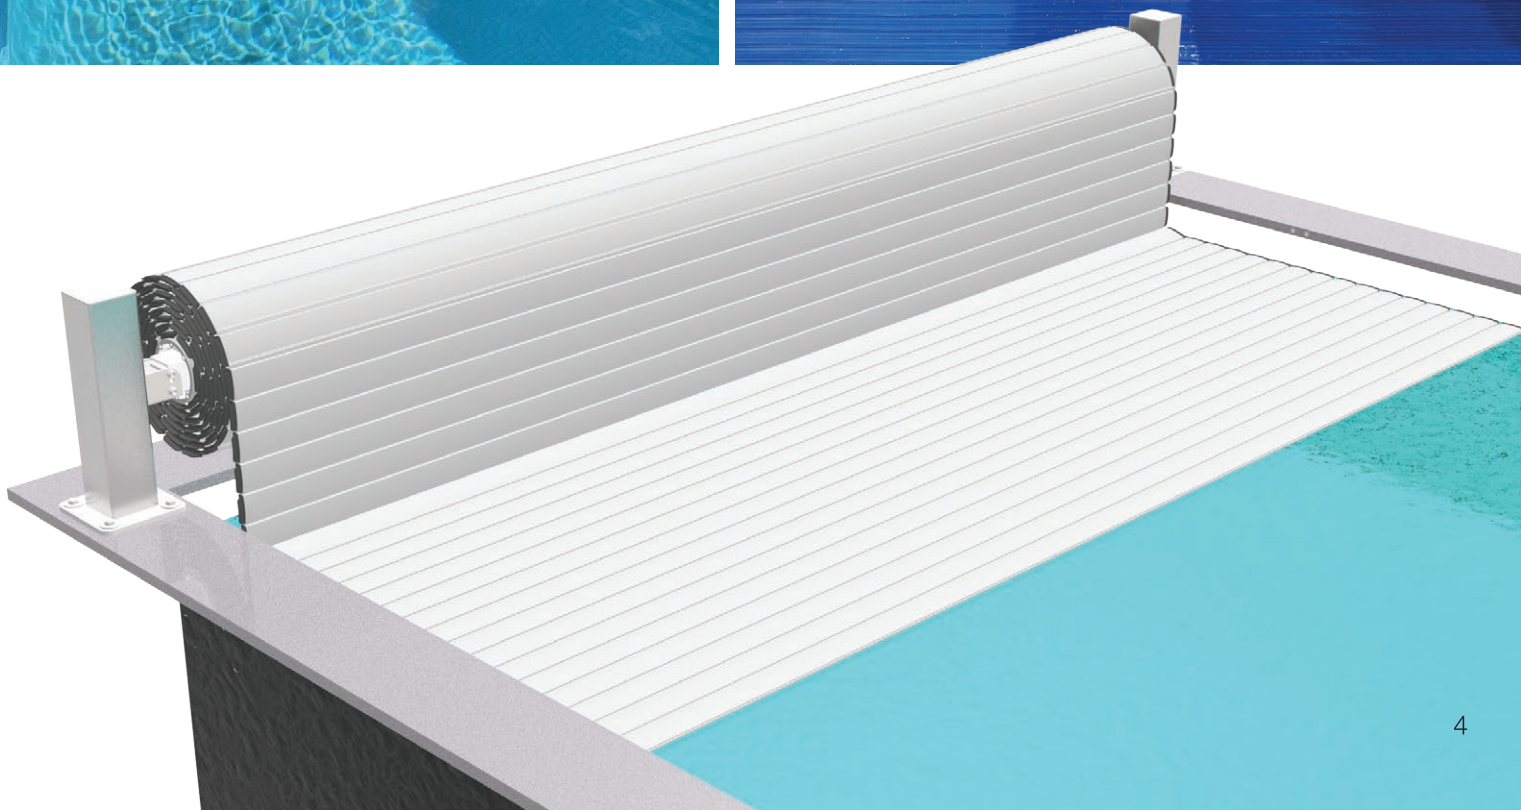

ABOVE GROUND SLAT COVERS

Effortless installation for existing pools Daisy's above ground hard cover systems deliver all the benefits of a slat cover — without major construction. Featuring a visible roller, these are perfect for retrofits to existing pool or new pool installations.

Highlights:

- ✓ No excavation or major works needed
- ✓ Fast retrofit installation
- ✓ Same thermal and safety performance
- ✓ Fully automated roll-on, roll-off cover system

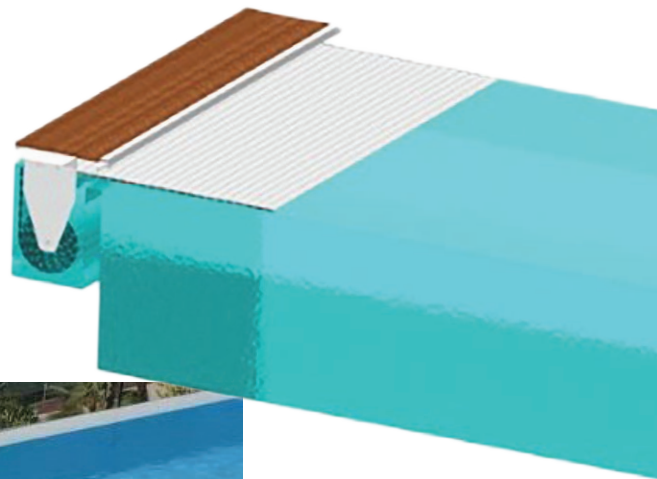

UNDERWATER SLAT COVERS

Fully Integrated for a Seamless Finish Ideal for new pool builds or major renovations, Daisy's underwater polycarbonate slat systems are built directly into the pool. This hidden solution maintains a completely flush surface and is engineered for invisible performance.

Highlights:

- ✓ Built-in and fully recessed
- ✓ Clean, architectural finish
- ✓ Customisable to pool design
- ✓ Premium, long-lasting materials
- ✓ Fully automated roll-on, roll-off cover system

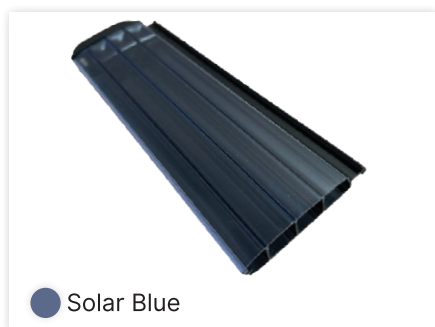

COLOURS & FINISHES

Engineered to Match Your Vision Choose from Daisy's range of high-performance slats in modern, UV-stable finishes. Made with premium polycarbonate or PVC, these covers are as durable as they are beautiful.

All slats are resistant to fading, distortion, and chlorine — designed for longevity in Australian conditions.

BENEFITS BEYOND THE SURFACE

Everyday Luxury. Everyday Efficiency. A Daisy slat cover isn't just functional — it enhances your entire poolside experience. From energy savings to reduced maintenance, it's the smarter choice for discerning homeowners.

Built-in Benefits:

- ✔ Up to 95% less evaporation
- ✔ Lower heating and chemical costs
- ✔ Increased safety
- ✔ Keeps water cleaner, longer
- ✔ Stylish, modern finish with lasting value
- ✔ Easy to use

Start with Daisy. **End** with Excellence.
