Dear Daisy Customers,

Welcome to the 2026–27 Expert's Yearbook. Your go-to resource for the full Daisy product range, including updated pricing and the latest additions to our lineup.

First and foremost, thank you for your continued support. Your partnership is the foundation of our success, and we remain committed to delivering Australian-made products, outstanding service, and innovative solutions that help you stay ahead in an increasingly competitive market.

This year has been one of both opportunity and challenge. While global increases in raw material, freight and manufacturing costs have continued to impact businesses across our industry, we've worked hard to absorb as much of these rising costs as possible. Where pricing adjustments have been necessary, they've been made carefully and only where required, allowing us to continue delivering the quality, service and reliability you expect from Daisy.

CoverVision: Innovation That Helps You Sell

While navigating these market challenges, we've invested heavily in innovation to make doing business with Daisy easier, faster and more profitable.

One of the biggest milestones this year is the launch of CoverVision: a world-first aerial pool measurement platform developed exclusively for Daisy's authorised dealer network.

CoverVision transforms the quoting and measurement process by using high-resolution aerial imagery to accurately measure pools remotely, eliminating many of the time-consuming site visits and specialist training traditionally required. Covering approximately 99% of Australia with access to more than 25 years of aerial imagery, it allows you to quote faster, improve measurement accuracy and spend more time selling rather than travelling. It can be used for both Oversized Rectangle and Custom Precut Shaped Covers across the Solar, ThermoTech™ and WinterKleen ranges.

Combined with our Dealer Portal, CoverVision represents another significant step towards creating a simpler, smarter digital experience for our trade partners, allowing you to sell more.

Your Trade Toolkit

Our Dealer Portal remains the central hub for managing your business with Daisy.

Now with the inclusion of CoverVision along with easy access to pricing, ordering, product information and training resources to support your business every day. If you're not yet set up with a Dealer Portal login, just contact our team at: hello@daisypoolcovers.com.au

Looking Ahead

As we look ahead, our commitment remains the same: to deliver innovative Australian-made products, dependable service and practical solutions that help our dealers succeed.

Thank you once again for your continued partnership. We look forward to working with you throughout 2026–27 and beyond.

Kind regards,

Derek Prince
Managing Director

COVER RANGE

CoverVision

A groundbreaking aerial-photo based pool measurement tool developed exclusively for Daisy authorised dealers. Supports Oversized Rectangle and Custom Precut Shaped Covers across the Solar, ThermoTech™ and WinterKleen ranges.

SOLAR POOL COVER RANGE

IDEAL FOR: Outdoor pools

Heat your water with the sun | Insulate and save heat loss | Stop evaporation

The most popular and easy to use is the Solar Pool Cover. These are bubble-style covers that let the sun heat your pool water by up to 8°C and retain heat by insulating your pool overnight.

The natural heating and insulating saves you energy while also stopping evaporation.

These covers are perfect to use on all pools, especially when the sun hits the cover, helping you gain maximum benefits.

Pool size price grid see page 28/29.

REDUCE THE COST OF MAINTAINING A WARM SUSTAINABLE POOL.

THE DAISY DIFFERENCE

The bubble is the same thickness throughout for greater strength and longer life

BENEFITS OF A DAISY SOLAR POOL COVER

SAVE on water,
up to 10,000L per
month.
Improves water
retention.

SAVE on
chemicals.
Reduce salt and
chemical use by
up to 50%.

SAVE money.
Higher quality.
Better design.
Lasts longer.

STOP
evaporation.
Reduces
evaporation
by 99%.

SAVE on
cleaning.
Helps keep out
dirt and leaves.

SAVE on time.
Rolls off and on in
30 seconds.

SAVE on
heat loss.
Reduced heating
costs and
heat loss.

Warms your
pool by up to
8°C for free.

Australian
Made.

THERMOTECH FOAM INSULATION COVER

IDEAL FOR: Pools that don't see the sun

High insulating cover | Great for indoor pools | Save on heating costs | 8 Year pro rata warranty | 3.0mm or 4.5mm

TTB

BLUE

3.0mm – \$40.12m²
4.5mm – \$43.60m²

TTRB

ROYAL BLUE

4.5mm – \$43.60m²

TTS

SILVER

3.0mm – \$40.12m²
4.5mm – \$43.60m²

The ThermoTech™ range is a high insulating cover ideal for both indoor and outdoor pools that primarily want to retain heat and reduce the energy costs of heating a pool with an external heat source, i.e. a heat pump, allowing you to save on energy costs and stop evaporation.

Available in 3.0mm or the premium 4.5mm, these covers are great in cooler climates where heat loading is greater, and are generally used indoor and overnight.

Pool size price grid see page 30.

BENEFITS OF A THERMOTECH FOAM INSULATION COVER

SAVE on heat loss.
Reduced heating costs and heat loss.

SAVE on water, up to 10,000L per month.
Improves water retention.

SAVE on cleaning.
Helps keep out dirt and leaves.

SAVE money.
Higher quality. Better design. Lasts longer.

SAVE on chemicals.
Reduce salt and chemical use by up to 50%.

SAVE on time.
Rolls off and on in 30 seconds.

STOP evaporation.
Reduces evaporation by 99%.

Australian Made.

WINTERKLEEN LEAF COVER

IDEAL FOR: Pools with high debris

Mesh cover saves cleaning time | Great for windy or leafy areas | 8 Year pro rata warranty

WinterKleen pool covers are the ideal choice for pools that experience excess garden and leaf debris. These pool covers are installed over your pool so that any debris that falls onto the cover collects, blows off or is easily swept away. Water passes through but debris and dust stay out. WinterKleen covers work well in conjunction with a Solar Pool Cover to use during the off-season. Reducing evaporation and saving cleaning time, these covers are ideal for pools that have a high debris load.

Pool size price grid see page 31.

BENEFITS OF A WINTERKLEEN LEAF COVER

SAVE on cleaning.
Keep out dirt and leaves.

SAVE on time.

SAVE on evaporation.
Reduces evaporation by 80%.

Australian Made.

ROLLER RANGE

ROLLER RANGE - 5 STAR

100mm Roller Range for most backyard pools

All Rollers supplied with over cover and pool cover connection kit.
\$30 premium for non standard fixed length rollers to be manufactured.

DAISY POWER

- ✓ Daisy power electric rollers
- ✓ Retro kits available
- ✓ Battery powered AC charge
- + solar models

ELECTRIC ROLLERS

The standard Daisy Power roller comes as a 12V battery operated electric roller with AC charger, two remotes and control buttons on the cast aluminium housing mounted on the end frame.

Warranty period on electrical components (remote/control housing/tube motor/AC charger) is 2 years (this warranty does not cover battery failure). All mechanical parts 10 year pro rata warranty.

Daisy Power has a disengage mechanism, which allows for freewheeling rollout and rollup of the cover, and is a feature unique to Daisy.

Daisy Power can be retrofitted onto most existing 100mm Daisy Rollers.

Suitable for domestic installations only up to 15m.

Supplied with Over Cover and Cover Connection Kit

UBR: UNDER BENCH ROLLER

Front row seating that's stylish and energised!

A pool roller with a difference! The Under Bench Roller (UBR) combines practicality with style by giving you extra poolside seating while keeping the pool roller from view.

All models can be fitted with a solar powered battery option.

- Full aluminium frame and seating with stainless steel hardware
- Seating planks: 2 x 250mm wide planks
- Seating end caps: powder coated cast aluminium
- Power option 12V with solar panel, AC charger, two remotes, unique tube disengage and mounted control button
- Fully welded and powder coated round aluminium 40mm tubing frame
- Stainless steel anchors

- Small sizes (up to 2.8m pool width) have 1 x C frame support in the middle; large sizes have 2 x C frame supports in the middle
- Manual version able to hold 20m of the Daisy solar pool cover
- Power version able to hold up to 15m of the Daisy solar pool cover or 11m of the Thermotech cover
- Supplied with 3m Cover Connection Kit
- Suitable for domestic installation only
- 10 year pro rata warranty*
- Custom made to any pool size.

Scratches and chips not covered. Power model 2 year limited warranty.

BGB: BELOW GROUND POOL COVER BOX

A very popular product, the Below Ground Pool Cover Boxes are suitable for backyards that have limited space. These are a full aluminium constructed box with anodised aluminium lids. Heavy duty braces are fitted to reinforce the structural integrity of the box. Our boxes will save you money not only in protecting your pool cover, giving it longevity but also by enhancing your pool area, adding value to your home.

With Daisy Below Ground Boxes, the power is now in your hands with the latest time-saving accessory - BGB Drill Drive #1425. Find out more below.

- Quality boxes are fitted flush to the paving or concrete height - hidden to enhance the aesthetic look of your pool area
- Slimline lid opening
- Manual roller with sealed 3:1 gearbox and 1.4m handle included
- Single person operation
- Versatile: can be installed to suit most new and existing pools
- Installation only available in selected areas
- 5 year structural warranty for your peace of mind
- Supplied with 3m Cover Connection Kit

Installation guide download <https://daisypoolcovers.com.au/resources/>

BGB Drill Drive

Code: #1425 (drill not included)
\$507.00[^]

Daisy's super convenient invention allows you to wind up your BGB with a standard power drill. Simply use the extension arm and turn on your drill. Your Daisy Pool Cover will quickly and easily wind into the BGB.

This auto-roller option means no more manual winding. Even better, you can do it all without the hassle of connecting power to your BGB. That's the power of Daisy innovation.

DMR: DECK MOUNT ROLLER

These boxes will not only save you money by protecting your pool cover and giving it longevity, but they also enhance the look of your pool area, adding value to your home. Our units are full aluminium with anodised aluminium lids. Heavy duty braces are fitted to reinforce the structural integrity of the unit.

- Quality units are fitted flush to the decking or paving height – hidden to enhance the aesthetic look of your pool area
- Slimline lid opening
- Single person operation
- Versatile: can be installed to suit most new and existing pool, deck or bricked up cavities
- Note: pool cover must be installed to waterline maximum width, see FAQ
- 5 year structural warranty for your peace of mind
- Supplied with 3m Cover Connection Kit

Depending on install clearance max length ThermoTech 13m
Max length 525 15m
Single layer

Premium

Slat Pool Covers by Daisy

Effortless Elegance. Engineered for Luxury.

WHY CHOOSE A SLAT COVER

Premium Performance Meets Poolside Luxury Daisy's hard slat pool covers deliver more than just protection. They're a design-led solution for homeowners seeking elegance, automation, and thermal efficiency.

Fully motorised and built with high-performance polycarbonate or PVC slats, these covers offer effortless functionality at the touch of a button.

Core Benefits:

- ✓ Fully automated – push-button operation
- ✓ Above ground or integrated (underwater) options
- ✓ Thermal insulation and energy savings of up to 80% energy cost
- ✓ UV-stable, durable, and low maintenance
- ✓ Keeps water clean and swim-ready year-round
- ✓ Stop evaporation
- ✓ Top quality polycarbonate or PVC slats

COLOURS & FINISHES

Engineered to Match Your Vision Choose from Daisy's range of high-performance slats in modern, UV-stable finishes. Made with premium polycarbonate or PVC, these covers are as durable as they are beautiful.

All slats are resistant to fading, distortion, and chlorine — designed for longevity in Australian conditions.

Premium Polycarbonate Colours Include:

PVC (cost effective) Colours Include:

ABOVE GROUND SLAT COVERS

Effortless installation for existing pools Daisy's above ground hard cover systems deliver all the benefits of a slat cover — without major construction. Featuring a visible roller, these are perfect for retrofits to existing pool or new pool installations.

Highlights:

- ✓ No excavation or major works needed
- ✓ Fast retrofit installation
- ✓ Same thermal and safety performance
- ✓ Fully automated roll-on, roll-off cover system

UNDERWATER SLAT COVERS

Fully Integrated for a Seamless Finish Ideal for new pool builds or major renovations, Daisy's underwater polycarbonate slat systems are built directly into the pool. This hidden solution maintains a completely flush surface and is engineered for invisible performance.

Highlights:

- ✓ Built-in and fully recessed
- ✓ Clean, architectural finish
- ✓ Customisable to pool design
- ✓ Premium, long-lasting materials
- ✓ Fully automated roll-on, roll-off cover system

Slat Covers

To Work Out Complete System Price ~:

- 1. Pool Cover (choose PC or PVC) e.g. Polycarbonate 3.5m x 8.0m \$9,363.30 ~
- 2. Add Roller Style price (Above ground or Underwater Pit style) e.g. Above Ground \$5,190.33 ~
- 3. = System price ex works Sydney e.g. Total \$14,553.63 ~ + freight to site

Roller Style Prices:

Add roller style price to slat cover price
Above Ground: Power Roller & Controller \$5,190.33 ~
Underwater: Pit Style Power Roller & Controller \$8,069.93 ~

This is a guide for pool sizes, exact quotes will be supplied for each job. Price is ex-factory Sydney NSW. All prices~, see page 37. Pool shape (rectangle) and GPO location must be taken into consideration to operate without interference. Step areas or protrusions out from roller line need to be recovered onto roller first, separate or uncovered. Installation and site measures available in most areas. Controller low voltage cable run to tube motor up to 20m. Remotes included. Cover size is generally pool size less 15mm. Electrical Bonding required (by electrician).

Above Ground:

Check the width measurement in between the paving coping to find the finished size of the pool cover. Covers are made less than the pool width opening. Above Ground straddles pool end to allow slat cover to be driven on to & off the roller.

Underwater:

Rollers have stainless steel tubes and fully sealed motors for depth and cover size. Underwater installations require pit to be built behind pool, builder to consider hydraulics. Contact Daisy for specification sheets. Includes 350Nm motor, Flanges, POM bearing block, Strips, and 133x2mm 316L stainless steel pipe.

Child Safety
Features

100% Australian
Made

Over 300 sizes available and ready to customise.

- Choose Freestanding, Backless or Deep Backless dependant on your install location.
- Freestanding model needs 50mm clearance behind for lid to open. Less than 50mm requires Backless model.
- Choose your required Height, Width and Depth.
- Choose your colour from 10 Colorbond options or a custom colour with no additional lead time.

Choose your Height

- 900mm
- 1145mm
- 1345mm
- 1845mm

Choose your Width

- 660mm
- 900mm
- 1100mm
- 1350mm
- 1650mm

Choose your Depth

- 660mm
- 900mm
- 1100mm
- 1350mm

Add 50mm/150mm for Backless/Deep Backless

Extended widths achieved by modular combinations, allow +28mm per joiner
e.g. 2028mm wide = 1100mm module + 900mm module + 28mm joiner

Footings, Custom Boxes And Deliveries

- Treated timber footings available cut to size and ready to assemble
- Ventilated solutions available to accommodate gas and electric pool heaters
- Custom colours on request – no additional lead time
- Boxes with side access and extra timber panels
- Custom tailored solutions to suit any level site
- Deliveries to all cities and regional towns

Pump & Filter Enclosures

All Enclosures come in Free Standing or two types of 'BACKLESS' configurations to mount to the wall. Free Standing enclosure includes a rear panel with wooden insert to mount equipment, providing a fully enclosed structure. Backless enclosures utilise two wall strips to connect the enclosure to the wall, with a horizontal bridge attached to the top of the wall strips to ensure the system is fully enclosed. These wall strips are to be attached to the wall. 'Backless' or 'Deep Backless' models add 50mm or 150mm to the depth at no additional cost.

Optional Extras

Installation (Syd, Mel, Bris, Gold Coast)	Regular installation – carried out by a qualified Pool Tech and includes core drilling panels to allow for pipes in / out of enclosure	
	From:	\$445 ⁺
Site inspection (Syd, Mel, Bris, Gold Coast)	Site visit to confirm measurements & suitable size	
	From:	\$90 ⁺ - \$170 ⁺
Footings	H3 treated timber, cut to the size of the enclosure (45mm D and 90mm H)	\$194 ⁻
Side access (<1400mm H)	Additional access on either side <i>(no gas strut on side-access side)</i>	\$350 ⁻
Side access (>1400mm H)	Additional access on either side <i>(no gas strut on side-access side)</i>	\$465 ⁻
Louvered door	Louvered door (in lieu of standard door) for additional ventilation	\$233 ⁻
Grilled panel	A panel with a grill for additional ventilation <i>(required when covering heaters / other types of compressors)</i>	\$233 ⁻
Grilled door	A door with a grill for additional ventilation <i>(required when covering heaters / other types of compressors)</i>	\$198 ⁻
Flue Kit	For enclosing gas heaters	\$464 ⁻
Levelling feet	Adjustable feet to increase box height by up to 30mm (8 pieces)	\$57 ⁻
Extra Timber	Additional dressed timber board on side panel	\$92 ⁻
Custom Colour	Non-standard Colour (Dulux powder coat range only)	\$315 ⁻
Acid Feeder Box	For enclosing 15L acid drums (600mm W x 400mm D x 400mm H)	\$655 ⁻

COMMERCIAL

COMMERCIAL COVERS AND ROLLERS

Daisy is Australia's largest supplier of pool covers and rollers to the commercial industry. We have been in the pool cover industry for over 40 years.

Our commercial products have the strength and durability to withstand the harsh climate and conditions that an Australian public swimming pool is exposed to.

Our service, expertise and product design and quality produce cost reductions that are multiplied with commercial purchases.

If your operation is considering the cost saving benefits of a Daisy pool cover and roller system, **contact us by phone or email commercial@daisypoolcovers.com.au**

See the Commercial section on daisypoolcovers.com.au

Be water wise

Save over 200,000 litres
of water per month
(50m pool)

Be energy wise

Save 30-40%
energy cost

Be money wise

Daisy will pay for itself
in 12 months

DAISY COMMERCIAL COVERS

Our Commercial Pool Cover range includes our two market-leading products:

- 1. The **525 Solar Cover** using our patented UltraDome™ Technology delivering best-in-class thermal efficiency, unparalleled performance and longevity in the life of the pool cover; and
- 2. The **ThermoTech™ Thermal Foam Cover**, a 4.5mm thick, cross linked PE closed cell Polyethylene foam pool cover.

Daisy pool covers and roller systems save on a large scale:

- 1. Saves pool warmth and reduces heating costs by 30-40%
- 2. Saves on cleaning costs
- 3. Saves on the cost of chemicals and retains chlorine
- 4. Reduces evaporation by 99.98%
In practical terms this means you stop water loss when the pool cover is on the water.

Mean Daily Evaporation Rate (in mm) for the October to March 6 month daily average from The Bureau of Meteorology

Sydney	Melbourne	Brisbane	Adelaide	Perth
6.4mm	6.4mm	6.9mm	7.4mm	8.3mm

Example: 50m x 20m outdoor pool in Brisbane loses 207,000 litres of water in a 30 day period in summer due to evaporation

- 5. Reduces building maintenance, corrosion and condensation in indoor heated pools
- 6. Extends the swimming season
- 7. A Daisy will pay for itself in 12 months

Insulating cover that does not heat the water. Ideal to assist keeping leaves and dirt out, stop evaporation and condensation without increasing water temperature.

4.5mm cross linked PE closed cell Polyethylene Foam. 3 layers, flame bonded both sides to UV stabilised, water proof, non toxic and chemical resistant blue woven PE.

All thermal foam covers are tape welded both sides. Step areas can be added by welding small rectangles on sides of the cover.

Fitting Set

19mm Spade drill bit required

10mm Masonry drill bit supplied

Storage bag included

Daisy Float WT206 \$15.65 each

Float cord 25m (6mmPP to tie floats in place)

#415 – \$13.90

Handrail cut outs – extra \$85.50*

Sufficient fitting sets are supplied with every cover to be installed approx 800mm apart.

All covers are custom made so unfortunately we are unable to take any cover back for credit.

Minimum cover price – \$350

For step areas simply add step size to cover size.

Fitting Set \$10.40 – #138BK – Black, 138CR – Cream, 138TE – Terracotta

Standard ground insert only. \$1.20 Codes: 276 – Black, 420 – Cream, 419 – Terracotta

Deck fittings instead of normal in ground fitting + \$3.14 per fitting.

Codes: 435 – Black, 436 – Cream, 437 – Terracotta

Not suitable for empty pools.

For special shaped pools that can not be covered with rectangles, please see how to measure page 33 or our website.

Recommended retail install pricing guide.

Cover Size	
up to 20m²:	\$284.00*
21m² to 25m² :	\$351.00*
26m² to 35m² :	\$412.00*
36m² to 50m² :	\$497.00*
51m² to 60m² :	\$535.00*
61m² to 70m² :	\$625.00*
71m² +:	\$701.00*

Pool areas may have uneven surrounds or have hollows under the pavers or tiles. Installers cannot be liable for chipped surfaces or cracked pavers

*See Page 37

WKAG WINTERKAP WinterKleen for above ground pools

Top quality protection for above ground pools. Same material as WinterKleen (p31). Shock cord supplied to easily help keep WinterKap in place on above ground pools. 8 year pro rata warranty.

Note: Price is approx WinterKap finished size – normal cover size required is pool size + 400mm each side

Street Address:

1 Rectangle ——— Indicates Rectangular Cover

Measure finished cover size length and width.

2 Shaped —●— Indicates Curvilinear Measuring:

1 Chalk mark two points ● A and ● B at the longest point 200mm from the edge of the pool. (Record total width and length)

2 Chalk mark and number a series of ● points 200mm out from pool edge, ● 1, ● 2, ● 3 etc. starting **clockwise** from ● A all around to ● B about 900mm apart. Closer on tighter curves further apart for straighter edges.

3 Measure the distances from ● A to marked ● all points and record the distance to every chalk marked. eg
● A to ● 1 = 957mm or 95.7 cm

4 Measure the distances from ● B to marked ● points and record the distance to every chalk marked. eg
● B to ● 1 = 8500mm or 850cm

5 Draw a sketch of the pool outline (like the one on left) indicating approximate location of points A and B and the points between.

6 Fax or email to us your measurements in the table below.

The same method and measurements will be used to make the cover.

NOTE: This measuring procedure applies only to curvilinear pools. If you measure counter clockwise from 'A' the cover will be manufactured upside down.

Draw a sketch of the plan. Include a photo image if possible.

ROLLER DIMENSIONS

Restocking Policy – Cover

If you require a return of a domestic cover or if a cover size that is ordered and supplied correctly turns out to be the incorrect size for the pool, a few scenarios are available.

1

If the cover is too narrow (on the width of the pool), then when the cover is delivered back to either of the Daisy's factories in WA or NSW, Daisy will be able to weld onto the width of the cover to make it wider. Daisy will only charge for the material used to weld onto the existing cover. Please note minimum fee of \$50.00 plus GST applies for repair work. NOTE – if the cover has been cut to shape it is likely that by welding on a section it will distort and shrink the edge of the cover rendering it too small. Daisy accepts no responsibility for attempted repairs after the cover has been cut in to pool shape. After approximately one month the cover can lose it's "weld ability" therefore we may attempt to assist, however take no responsibility of failed repair attempts.

2

If the cover is too short (on the length of the pool) we can not cross weld satisfactorily across the cover and a new cover will be required.

3

If the cover is DRY, meaning it has not been rolled onto the pool (NOT meaning a cover rolled onto the pool then removed and dried out), then when the cover is delivered back to either of the Daisy factories in WA or NSW, Daisy will credit the cover MINUS 20% of the non taxed original invoice amount.

4

If the cover has been on a pool and is wet and has not been cut to shape, and has been dried as much as possible, then when the cover is delivered back to either of the Daisy factories in WA or NSW, Daisy will credit the cover MINUS 40% of the non taxed original invoice amount.

5

If the cover has been on a pool and has been cut to shape, or over three months have passed from the original invoice date, Daisy is unable to accept the cover back for any form of credit.

6

Any replacement cover will be invoiced for dispatch and normal freight policy applies, credits will be issued upon receipt and inspection of the cover at the Daisy factories in WA or NSW. Any redelivery of covers repaired and/or altered will incur a freight charge.

Restocking Policy – Precut Cover

As pre cut covers are custom made to order Daisy Pool Covers cannot accept returns for credit.

Restocking Policy – Roller

If a domestic roller requires return for credit and it is a stock size, (not a specially manufactured size – specially manufactured rollers and rollers that have been purchased more than three months before the return date will not be accepted for a credit), still in its original unopened packaging, then when the roller is delivered back to either of the Daisy factories in WA or NSW undamaged, Daisy will credit the amount of the original invoice.

Restocking Policy Roller UBR - as UBR rollers are a custom manufactured product, Daisy cannot accept UBR's that have been assembled for restocking. If the UBR is to be returned it must be packaged in original packing, once it arrived

at Daisy warehouse (at purchasers cost) it will be inspected and credit issued for parts that are able to be used as new.

Restocking Policy Roller BGB - Daisy cannot accept BGB's that have been installed for restocking. If the BGB is to be returned it must be delivered to Daisy Daisy warehouse (at purchasers cost) it will be inspected and credit issued for parts that are able to be used as new.

Restocking Policy Roller Power - Daisy cannot accept Daisy Power rollers that have been assembled for restocking. If the Power Roller is to be returned it must be unopened in original packing, once it arrived at Daisy warehouse (at purchasers cost) it will be inspected and credit issued for parts that are able to be used as new

NOTE – All parts of the roller are required and must be unused, undamaged, unassembled and in the original packaging to be eligible for a credit. Credits will be issued upon receipt and inspection of the roller at the Daisy factories in WA or NSW.

Cover Warranty

All Daisy Pool Covers are covered by our exclusive pro rata month by month warranty to the original consumer. This means that Daisy Pool Covers will credit for the months that the original consumer does not achieve from their cover (up to the warranty period).

i.e.

3 years (36 months) for 250B, 5 years (60 months) for 400B, 8 years (96 months) or 10 years (120 months) for 525. It also means that the consumer must pay for the period of time that they have used the product when ordering a replacement cover.

Example: A consumer achieves 3 years, 9 months (45 months) from a 400B cover. Take today's retail price (say \$436.00), divide the price by warranty period in months then multiply by the months the consumer used the cover (IE \$436.00 (retail Price) ÷ 60 months (Warranty period) = \$7.27 (per month price), then multiply \$7.27 (per month price) by 45 (months consumer used product) = \$327.15 charged to client.

Warranty Claims

To make warranty claims contact Daisy with photos and proof of purchase.

All warranty claims where the original consumer has achieved over 66% (2/3rds) of the life of the cover (warranty period) the warranty claim can be handled by the reseller. Daisy Pool Covers will cover the warranty by reducing the purchase price to the reseller, (using the same formula as above) to ensure resellers receive normal margin while handling the warranty claim. Daisy Pool Covers will guide the warranty procedure and authorise warranty claims via phone after the reseller's inspection of the cover. If any reseller is uneasy handling a warranty claim, Daisy Pool Covers will take over and handle the claim direct with the consumer.

Any warranty claim where the consumer has not achieved 66% (2/3rds) of the life of the cover (warranty period) Daisy Pool Covers must handle direct with the client. In all cases it is the responsibility of the consumer to produce a proof of purchase showing date purchased and series of cover. Please Note – Warranty claims are only redeemable as a discount on the purchase of a replacement cover. No cash payments will be made.

Freight Warranty

Our policy is to get the product to you in the most cost effective manner possible. We do not apply margin or profit to freight charges. We reserve the right to pass on any excess costs involved in getting the product to you. It is advisable to ensure that you understand the total cost of the product and add

the relevant tax and freight components prior to quoting a price to your client. Our staff are always willing to give you these total costs at any time on any job.

Metro Delivery Time for standard domestic covers and rollers is approximately 2-3 working days, country areas add 1-2 extra working days.

Unless otherwise stated, all prices are free into store in Perth, Sydney, Melbourne, Brisbane, Canberra & Adelaide Metropolitan areas.

All other deliveries will incur a lower cost per item when you arrange multiple order deliveries to a single delivery point. Postcode range available.

	Non Metro*	
	Zone 1	Zone 2
Cover or Roller - 1 item	\$37.75	\$89.20
2 items	\$55.50	\$134.80
3-6 items	\$70.95	\$167.30
7-9 items	\$87.18	\$205.80
10+ items	\$106.48	\$251.60

All freight prices quoted are Inc. GST.

Parts Freight*

Medium item (FRME)	\$26.20
Large item (FRLG)	\$37.75

Long length surcharge

Long length surcharge of \$129.80 inc GST applies to all fixed length rollers supplied over 6.5m. Surcharge applied regardless of delivery location, surcharge is additional to any other delivery charges.

Minimum Cover Size

Single order cover size for Solar Covers is 5.76m² (ie: 2.4 x 2.4m) and for ThermoTech Foam 4.8m² (ie: 2.0 x 2.4m). Any single cover orders smaller than these sizes will be charged at these amounts.

Minimum Order

Minimum order: A minimum invoice value of \$80.00 before tax is required to avoid a freight charge. Any total invoice amount under \$80.00 before GST will be subjected to an additional freight charge as follows:

Single Parts from \$26.20* Inc. GST
Any other goods 1 item charge

Net Pricing*

Products such as freight, installation, precut or dig templates that are marked with * indicate net pricing where no discount is applied.

Level 2 Discount Structure*

Some products from Daisy are priced at a non standard speciality discount structure. Where you see ^ by a recommended retail price, trade discount varies from normal discount structure. Contact Daisy for more information.

Slat & The Acoustic Box Discount Structure

Slat jobs are priced per job, contact for quote. TAB products are priced with specific trade pricing not a standard discount percentage, see Dealer Portal or ask for Trade Price List

NOTES:

Unless specifically and clearly requested, all pool covers are made panel Width (panels wide for narrowest measurement) by Length (panels long for longest measurement).

If any specific manufacture requests are made a diagram is required.

Pool covers are made to fit measurements supplied NOT for specific orientations of panels.

REDUCE THE COST OF MAINTAINING A WARM SUSTAINABLE POOL.

Here's how you save:

SAVE more of the sun's warmth.

Warms your pool by up to 8°C for free.

SAVE on water, up to 10,000L per month.

Improves water retention.

SAVE on heat loss.

Reduced heating costs and heat loss.

SAVE on cleaning.

Helps keep out dirt and leaves.

SAVE on chemicals.

Reduce salt and chemical use by up to 50%.

SAVE on time.

Rolls off and on in 30 seconds.

SAVE on evaporation.

Reduces evaporation by 99%.

SAVE money

Higher quality. Better design. Lasts longer.

THE DAISY DIFFERENCE

The bubble is the same thickness throughout for greater strength and longer life

1 CHOOSE YOUR COVER

We stand by our product

We honour all warranty claims promptly. If you have a problem with any Daisy product call us and we'll fix it.

WinterKleen covers are ideal when the pool is not in use for extended periods and save your UltraDome Daisy cover from unnecessary exposure. WinterKleen stretches tightly over your pool so that leaves and debris blow off.

Australian
Made.

2 CHOOSE YOUR ROLLER

Each roller is made for a small, medium or large pool. An overcover and cover attachment kit is supplied with every domestic roller.

5 Star Roller Range 10 year pro rata warranty

A75 Stationary for smaller pools

BGB Below Ground Box
DMR Deck Mount Roller
125ST Stationary for longer wider pools

MAXI Semi Commercial Fully Mobile for larger pools
UTC Roller Range - 5 year pro rata warranty
BUDDY Cost effective for small pools
UTC 75/100 Cost effective 75 or 100mm for small to large pools
UTCAG Cost effective 50 or 75mm for above ground pools

3 POOL SIZE

Simply decide on the essential details:

- (1) type of cover
- (2) roller system
- (3) pool size: length (B) X width (A) (+ step area) = Total square metres.

Ask for a quote let's say – 52m² 525B with an ST roller. Take into account if your pool is indoors or outside. Do you need more heat or less or have leaf debris. Remember your roller adds years to the life of the cover. Does your pool have non-standard features? These are some determining facts you need to discuss with us.

Rectangular Pool

Rectangular Pool with Left Step

Rectangular Pool with Right Step

Rectangular Pool with Centre Step

For shaped pools, treat as rectangular.

Oval Pool

Kidney Pool

Roman Pool

Spa within a Pool Area

Pool with Separate Spa
