

WOOD LOOK PUMP & FILTER ENCLOSURES

Made from aluminium in a range of three colours, these DIY kits are supplied flat packed and contain all self-drilling screws and hardware to construct the enclosure. Daisy also provides 10mm slat spacers for easy and accurate DIY assembly.

Each kit contains:

- Bolt down plates and hardware (no digging or concrete required)
- Entry gate and a lid on gas struts
- Aluminium, wood look slats so no warping, bending or maintenance!
- 10mm slat spacers

There are sizes to suit most pool equipment areas, from a corner unit with two sides, a wall unit with three sides or a free-standing unit.

Daisy can even do a simple screen unit to hide pool equipment.

RRP[^]

Pricing is for standard units with gate and lid.

Corner Unit (1.2m high x 1.2m wide)	
1.2m Long Corner Unit	\$1620
2.4m Long Corner Unit	\$2330
Wall Unit (1.2m high x 1.2m wide)
